

COVID-19 – Travel Advisory

Recognizing the ongoing uncertainty that coronavirus (COVID-19) is causing around the world, our highest priority is the health and wellbeing of our guests and employees. We are closely monitoring the Centers for Disease Control and Prevention and World Health Organization's statements and following guidelines from these agencies and the local health departments.

Hotel Employees and Staff Requirements: Hotel associates – and their own health, safety and knowledge – are essential to an effective cleaning program. Here are some ways we are supporting them:

- Hotel employees will follow strict guidelines, including utilizing personal protective equipment, frequent and stringent hand-washing protocols, and housekeepers/laundry staff will wear both gloves and a mask.
- Employee workstations will be cleaned and disinfected after every shift.
- Employees will be empowered to stay home if unwell and communicate their potential exposure to COVID-19 with management.

Stay Overs: Once checked-in, we will provide any additional amenities as needed (towels, coffee, toiletries, etc.) but will not enter your room during your stay, unless specifically requested. Prior your arrival your room will be disinfected following current CDC Guidelines for disinfection.

Complimentary Breakfast Service is temporarily closed by town ordinance: In further practice of social distancing guidelines, we have temporarily suspended our food and beverage service. We will gladly provide our daily breakfast, once again, when these additional safety measures are no longer necessary.

Pool and Gym temporarily closed by town ordinance.
